

AUM SAI INSTITUTE OF TECHNICAL EDUCATION

TRAINING & PLACEMENT CELL AND ITS FUNCTION

The placement cell at the institute has a crucial role in guiding & assisting the ASITE students for their entry into suitable employment and successful career.

Vision: To enhance creative strength in technical and analytical professionals to achieve empowerment of society.

Mission: To inculcate technical and professional competencies along with determination, imagination, hope faith and passion for the profession.

The placement cell of Institute provides guidance and all the assistance to the students for achieving their career goals. The cell takes relevant steps in identifying the demands of the industry and prepares the students towards this need. Adequate emphasis is given for soft skills development along with the regular academic program. Group discussions and aptitude tests are conducted at regular intervals to enable the students to improve their performance during placements.

The objectives of the placement cell are as follows:-

- To assist students in career growth and development
- To bridge the existing gap between industry and academia
- To develop and establish a linkage between Industry and Institute
- To support students in personality development
- To organize training programmes for corporate executives on various managerial skills

The placement cell makes an endeavor to enhance the employability of the students by conducting pre-placement industry/corporate related activities like Regular Corporate Guest lectures, Mock interview Sessions, Sector wise Panel discussions and corporate seminar etc. Institute invites mid to top level corporate professionals on campus to guide and groom students as per corporate expectations.

Every year the institute invites national reputed companies for campus recruitment for final and summer placements. On an average 60-70 % students were placed in last 3 years.

The institute has established good understanding with top companies like
